ANASTASIIA SERHIIEVA

DESIGN ENGINEER | UI ENGINEER | FRONTEND DEVELOPER

Atlanta, GA | simitopolis1998@gmail.com | linkedin.com/in/anastasiiaserhiieva | simitopolis.github.io/portfolio

PROFESSIONAL SUMMARY

Design Engineer with 3+ years of experience turning business needs into intuitive interfaces and working frontend experiences. Combines Figma design systems, user-centered design, and hands-on HTML/CSS/JavaScript to bridge the gap between product concept and implementation. Brings client-facing delivery, agency collaboration, and founder-level ownership of customer experience - aligning visual quality with usability and practical business constraints.

CORE SKILLS

Product & Interaction Design: UX Research, User Flows, Wireframing, Prototyping, Information Architecture, Usability Testing
UI Engineering & Design Systems: Figma, Auto Layout, Components & Variants, Design Systems, Responsive UI, Accessibility (WCAG), Developer Handoff
Frontend Development: HTML5, CSS3, JavaScript (ES6+), Responsive Web Development, Git & GitHub, Debugging, VS Code
Visual & Workflow Tools: Adobe Photoshop, Maya, 3D Web Visuals, Jira, AI-Assisted Workflows

PROFESSIONAL EXPERIENCE

Design Engineer & Frontend Developer | Freelance / Contract

Mar 2023 - Present | Atlanta, GA

- **End-to-end delivery.** Brought client-facing web experiences from initial requirements and Figma prototypes through responsive HTML/CSS/JavaScript implementation - maintaining design intent through build.
- **Systems, not one-off screens.** Created reusable Figma components and responsive UI patterns that kept interfaces consistent and simplified updates across desktop and mobile.
- **User-informed decisions.** Used usability testing and stakeholder feedback to refine navigation, hierarchy, and interactions before delivery, grounding design choices in user needs.
- **Cross-disciplinary value.** Combined interface design with Photoshop and Maya visuals, offering clients a coherent experience across functionality and visual identity.

UI Design Specialist | HAB BURO Studio

Apr 2024 - May 2025 | Cherkasy, Ukraine

- **Implementation-ready design.** Translated product requirements into structured web and mobile interfaces, producing Figma screens and reusable patterns that supported developer handoff.
- **UI consistency.** Standardized recurring elements in reusable design system components to support consistent interaction patterns and more manageable revisions.
- **Practical collaboration.** Refined design solutions with stakeholder and developer input, balancing usability, visual quality, and technical constraints.

Product Design Intern | FOR® Agency

Jan 2024 - Apr 2024 | Helsinki, Finland | Remote

- **Brand-to-product alignment.** Developed visual concepts and packaging designs that reflected brand identity and product positioning.
- **Customer-facing clarity.** Translated brand direction into coherent visual treatments, connecting design presentation with commercial messaging.

Founder & Operations Manager | FamCoffee

Apr 2021 - Mar 2022 | Kyiv, Ukraine

- **Business ownership.** Founded and managed a customer-facing business, making decisions across service experience, daily operations, and team coordination.
- **Customer-led improvement.** Used direct customer feedback to identify service friction and refine workflows while balancing customer expectations and operational priorities.
